

Join us for **Family Star Night!**

Listen to star stories!

**See Mercury
and Saturn
through a telescope!**

**Find Orion the Hunter
and
the Seven Sisters**

**Friday, March 25
8:00 to 10:00**

**In the ball field behind
Eggleston School***

**Bring your family and
friends and something to
sit on.**

**Telescopes and
binoculars are welcome!**

Dress warmly!

Members of the **Michiana Astronomical Society** will bring telescopes. If you need help with your telescope, bring it along!

Family Star Night is organized by **Kennedy Planetarium**, but rather than being a school event, it is a gathering of friends. Anyone interested in the night sky is welcome.

* To get to Eggleston School ball field: Take Auten Rd to Hollyhock, turn north. Go to Greenacre and turn right. The back driveway to Eggleston will be on your right. See you there!
